TOBACCO GROWERS TO VOTE ON QUOTA FOR '38 MARCH 12

National Quota for 1938 is
145,000,000 Pounds
Agents Say

1937 PRODUCERS MAY EXERCISE VOTE

Fire-cured and dark air-cured tobacco growers in Calloway county will vote in a referendum March 12 to determine whether or not marketing quotas will be applied to dark tobacco produced in 1938. John T. Cochran, county agent, said today.

Under the provisions of the Agricultural Adjustment Act of 1933, marketing quotas will not be effective if more than one-third of the producers voting oppose the quotas. All fire-cured and dark air-cured tobacco is included for a kind of tobacco under the new act.

The referendum regulations provide for a voting place in each community where dark tobacco is grown. The polls will open not later than 9 a. m. and close at 7 p. m. Each producer who grew dark tobacco in 1937 will be entitled to cast one vote.

The national marketing quota proclaimed for the 1938 crop of dark tobacco is 145 million pounds. The 1937 crop was 158 million pounds.

The national marketing quota will be divided among States mainly on the basis of tobacco production during the past five years. In recommending quotas for individual farms local committees will consider past marketing of tobacco, adjusted for weather and plant-bred diseases.

Land, labor, and equipment available for the production of tobacco; crop rotation practices; and the soil and other physical factors affecting tobacco production.

The marketing quotas established under the new act will be in pounds of tobacco and will be independent from the acreage allotments under the Agricultural Conservation Program. Penalties for excess production should be in line with the marketing quotas.

The act provides that quotas are to be effective, unless disapproved by more than one-third of the producers voting in the referendum when the supply of dark tobacco exceeds the reserve supply level. The present supply of fire-cured and dark air-cured tobacco exceeds the reserve supply level by approximately 20 million pounds.

Kingsins Declares Tax Collections Demolish Records

Carl B. Kingsins, former sheriff of Calloway county and in charge of the clearance of incumbered taxes, said Tuesday that the 1937-38 county assessment of \$132,000 all had been collected except \$9,000.

A 6 per cent penalty plus 6 per cent interest went into effect Tuesday, Kingsins said, declaring that more persons paid their taxes Monday, February 28—the last day before the penalty—than at any other time in the history of Calloway county. Kingsins collected in excess of \$20,000 Monday. During February alone, he collected a total of \$71,000.

More county tax money has been collected to date this year, he said, than last year at this time.

Poorfarm Keeper to Be Contracted

Magistrates Also Allow Claims
and Okeh Treasurer's Report

In a meeting here Wednesday, the fiscal court, over an advertisement to be run in local papers covering the fact that a poorfarm keeper will be contracted with at the April meeting of the magistrates, and also an ad to be run that clothes for the needy will be distributed each week by Mrs. Beu McHugh at the courthouse and not at the county judge's office nor the clerk's office.

The court allowed the month's claims, and appointed Esquires J. G. Denham and W. C. Robinson as committees to investigate WPA claims filed with the court. It also accepted the treasurer's report which was read before the meeting.

Senate Approves Funds For Start of Gilbertsville Dam

WASHINGTON, Mar. 3.—Administration forces, brushing aside protests from a bi-partisan opposition bloc, pushed through the Senate Friday an appropriation to start construction of a \$112,000,000 TVA dam at Gilbertsville, Ky.

The chamber then approved a number of other amendments to the \$1,400,000,000 independent office bill and sent it back to the House for action on the charges. The \$2,763,000 Gilbertsville appropriation was one of the items not contained in the measure passed by the House.

Before the final vote, Senator Norris (Ind.-Neb.), won a fight to exempt TVA personnel from Senate confirmation. The chamber approved a requirement that employees receiving more than \$5,000 a year from independent agencies other than TVA be appointed by the President and confirmed by the Senate. Norris asserted the amendment would create a "political pie counter."

Senator Vandenberg (R-Mich.), who started the fight against the Gilbertsville dam appropriation, and Minority Leader McNary (R-Ore.), was unsuccessful in an effort to force a record vote on the issue, and a chorus of "ayes" backed up a demand by Senator Barkley (D-Ky.), that the allowance be approved.

Defending the appropriation, Barkley said it was necessary to begin the dam at once to provide flood control protection for cities along the Ohio, Tennessee and Mississippi rivers.

The dam, he said, would mean flood control, navigation, and incidentally power, for the Tennessee valley area.

Answering the contention that other localities were required to contribute to federal flood control projects whereas the TVA area localities were not, he said he was "prepared to vote" to eliminate all local contributions for flood control work.

Senator Clark (D-Mo.), said Congress and the administration were "inconsistent" in requiring "local contributions for flood control projects" everywhere outside of the Tennessee valley.

He told the Senate that high administrative officials regarded "appropriations for flood control in other sections of the country as a raid on the treasury, and appropriations for the TVA as a national advantage."

Burial is Held For Manse Kimbro, 71

County Gentleman Had Been
Member of Poplar Springs
Church for 50 Years

Funeral services for Manse Kimbro, 71, who died early Thursday morning of tuberculosis at his home in Pettitown, were conducted by the Rev. Lloyd Wilson at the Poplar Springs Baptist church Friday afternoon.

Mr. Kimbro for 50 years had been a member of the Poplar Springs church, and was instrumental in erecting the first brush arbor on the location of the church building now stands.

Survivors are his widow, Mrs. Mary E. Kimbro; two sons, O. D. and Curtis; one sister, Mrs. Frankie West; and four brothers, Rich, Roland, and Austin Kimbro.

Senate Passes Purgation Bill by 29-8 Vote Monday

FRANKFORT, Ky., March 3.—After more than six hours of debate and public discussion, the Senate Monday night passed Gov. A. B. Chandler's registration and purgation bill and sent it to the House of Representatives for concurrence in amendments.

Because of the Administration's overwhelming strength in the House, concurrence was expected to be a mere formality when the House reconvened Tuesday, closing day of the session. The House previously had approved an Administration registration and purgation bill, but the Senate amended the House proposal by adopting an entire new bill as an amendment.

The vote that sent the bill toward enactment as an "emergency law" was 29 to 8. Twenty-six Democrats and three Republicans supported the bill while four Republicans and four Democrats opposed it. Those on the losing side were Senators Buckley, Lexington; Farmer, Albany; Jones, Glasgow; and Moss, Pineville. Republicans, and Gilbert, Shelbyville; Sidebottom, Williamson; Trager, Louisville; and Wise, Elizabethtown.

HUNDREDS ATTEND CHURCH FUNERAL FOR GOLDIE ORR

Young Business Man Dies
Monday Morning at
Hospital

DEATH SHOCKED ALL
CALLOWAY COUNTY

Nearly 1,000 people were present Tuesday afternoon at the first Baptist church to attend the funeral of Goldie Orr, 32, manager of the Murray Marble Works and outstanding among Murray's younger business men, who died Monday morning at 8:30 in the Clinic-Hospital after three blood transfusions had failed to strengthen him appreciably.

The popular young business man's death came after pneumonia had supplemented complications resulting from head hemorrhages after an injury at the bridge of the nose sustained two weeks ago.

Mr. Orr, a native of Calloway county, was reared in the South Pleasant Grove community. He had made a name for himself in a commendable way in Murray business and was a member of the Young Business Men's Club, the Young Men's Democratic Club, was a former Rotarian and an auditor in the local Woodman, of the World lodge, and was a member of the board of trustees of the First Baptist church here.

Goldie took his last transfusion late Sunday afternoon and was reported resting comfortably. His brother, Vester Orr, and Owen West and Talmadge Robinson contributed their blood in transfusions to him in the hope he might be revived. More than 25 volunteer blood-givers gave their names to the Clinic Hospital, officials in case further need became imperative.

Orr was the son-in-law of L. D. Outland, prominent local tobacco contractor. Survivors are his widow, Lavonne Outland Orr, and two children, Charles and Bobbie Sue; his parents, Mr. and Mrs. Bethel Orr, of South Pleasant Grove in the south part of the county; and a brother and sister, Vester Orr, Murray, and Mrs. Ophe Bechall, of this county.

The Rev. Sam F. Martin, pastor of the First Baptist church here, of which Orr was trustee, and the Rev. F. R. Gregory conducted the funeral ceremony. Hundreds of people could not find room in the church, and the lines lined the streets for hundreds of feet on either side of the church. Burial was in the Murray cemetery.

Active pallbearers were Noel McGinn, Claude Miller, Talmadge Robinson, Leon Phillips, Allgood Wilson, Purdon Outland, Cleus McClean, and R. L. Clark.

Honorary pallbearers were Elbert Lassiter, L. L. Dunn, George Hart, William Caudill, A. B. Lassiter, R. H. Fairwell, W. A. Bell, T. H. Stokes, Dr. C. H. Jones, Hugh Houston, Dr. Henry Carney, Wesley Waldrop, T. Q. Baucum, Odie McDaniel, L. L. Veal, Bub Doran, Bryan Tolley, Glyn Jeffrey, Herbert Dunn, Hub Dunn, Eddie Roberts, Robert S. Jones, and Preston Jones.

Cain Taylor Dies In Henry County

Tennessee Man Was 87 Years
Old When Death Came
From Complications

Cain Taylor, 87 years of age, died Monday night, February 14, at the home of his nephew, Olin Sherin, Henry county, Tennessee, following a month's illness of a broken limb and complications. The funeral was conducted Tuesday afternoon at 2 o'clock at the Sinking Springs Baptist church with Brother Roy Kelso in charge of the services. Burial was in the Old Concord graveyard.

"Uncle Cain" as he was known was reared in Calloway county where he lived practically all of his life up until about a year ago when he went to Henry county, Tennessee to make his home.

His nearest relatives that survive are his two nieces and three nephews, Jessie Sheridan, Mrs. Hettie Cochran, Olin Sherin, Mrs. Celia Jenkins, all of Henry county, Tennessee, and Arlin Sheridan of Calloway. Beside these he leaves a host of other relatives and friends to mourn his death.

Marble Works to Continue

The Murray Marble Works will continue operation under the management of Vester Orr, brother to Goldie Orr, former manager who died Monday, it was announced by officials of the firm.

Walter Carroll Loses \$161 Monday In Murray Crowd

Walter Carroll, a renter-farmer who lives on Hazel Route 1, lost a brown-leather snap pocketbook containing \$161 in Murray Monday while mingling with the hectic mule day crowd.

In the pocketbook were 2 twenty-dollar bills; 12 tens; and 1 one, and a 1936 driver's license and some tobacco receipts. A hundred and sixty-one dollars is a whole lot of money for anybody to lose, and especially is it a whole lot for a farmer who is a renter to lose. It took many hours of sweaty labor under a hot sun for him to make that money.

It would be a public service and an action worthy of highest commendation for the finder of the money to return it to Mr. Carroll, or to this office where we will be glad to forward it to its owner.

Mr. Carroll has offered a liberal reward for its return. He has a family and a wife to support. If the pocketbook and its contents should be found, it would mean much to Mr. Carroll. Thank you.

4-H CLUB COUNCIL MEETS SATURDAY

Group Endorses Move to Employ
County Home Demonstration
Agent

The Calloway County 4-H Club Council met Saturday afternoon in the director's room of the Bank of Murray and made tentative arrangements for the adoption of a system for each club in the county. At the same time the group went on record as endorsing the movement started by the agricultural council favoring a home demonstration agent for this county and decreed that a copy of the motion be presented the fiscal year of the county.

It was announced that Miss Anita Burnam and H. C. Brown, field agents in club work, will be in Murray next Thursday from 3:30 until 5:00 o'clock to talk over problems with prospective demonstration teams concerning their work. They will be a county elimination contest, and the winning teams will then go to Mayfield to take their places in the district tournament on May 17.

Kentucky clubs are studying trees this year. The next meeting of the 4-H club council will be during the latter part of April. The exact date has not yet been set. All meetings are important, the leaders said, and recommended all members to attend.

Thieves Escape With Typewriters

Thieves Tuesday night broke into the Murray High School building and escaped with six brand new Underwood typewriters valued at approximately \$650, school officials announced Wednesday.

In a manner similar to methods used by persons who took 11 typewriters less than a month ago from the same place, the culprits broke down an outside door, smashed the padlock, and torn down the door leading into the commerce rooms. Five Murray youths are free on bond for alleged implication in the earlier offense.

Officers said Wednesday they had no clue as to the identity of the thieves. The typewriters before were found in a woodland on a farm near Outland school in a pile after school officials had paid a reward for their return.

Principal Fred Fibbeck of the high school said the machines were insured.

Banks Purchases Redden's Cleaners

Thomas Banks, owner of the Superior Laundry and Dry Cleaning establishment here, announces the purchase of Redden's Cleaners, an establishment which has flourished since last year.

Banks said he would move most of the machinery from the Redden shop to the Superior location, but would operate the new house at its present location as a sub-station.

Murray's Monthly Mule Monday Draws Huge Crowd to City Streets

NEW FARM SET-UP PROVIDES STABLE TOBACCO SUPPLIES

Purpose of Bill is to Keep
Supply in Line With
Demand

FARMERS TO VOTE
ON QUOTA MEASURE

The Agricultural Adjustment Act of 1938 seeks to help tobacco farmers stabilize income and supplies at fair levels, according to information received by the College of Agriculture at Lexington.

As a means of keeping supply in line with demand at fair prices to producers, the new act provides for marketing quotas in years when an abnormally excessive supply of any kind of tobacco exists, with penalties for marketing over the quotas. The quota for each kind of tobacco would be the number of pounds the farmer could sell without penalty.

For 1938, if the Secretary of Agriculture finds that the supply of any kind of tobacco is in excess of the reserve supply level, he will announce the marketing quota, and a referendum will be held among growers of that kind of tobacco to determine whether or not the farmers favor or oppose the quota. If more than one-third of the farmers voting in the referendum oppose it the quota will not be effective.

A referendum of growers of cotton and dark tobacco will be held March 12, the Secretary of Agriculture having set quotas for these crops.

If the marketing quota becomes effective, the national marketing quota will be apportioned among the states producing that kind of tobacco. In each of these states the local committees of farmers now helping conduct the Agricultural Conservation program will distribute the quota among individual farmers.

All marketing quotas will be in terms of pounds. There will be no tobacco acreage quotas under the new act. The acreage allotments set up under the 1938 Agricultural Conservation program will serve as a guide to help individual farmers keep production in line with the marketing quotas.

The provisions for regular tobacco producing farms are such that the marketing quota cannot be less than the average production in excess of the quota for the past three years, if in the case of fire-cured tobacco, this average is less than 3,200 pounds, and if in the case of other kinds of tobacco, the average is less than 2,400 pounds.

The act specifies that the quota for a farm on which tobacco is produced in 1938 for the first time in five years is not to exceed 75 per cent of the quota which would be given similar regular tobacco farms.

In years when the marketing quota is in effect, a penalty will be imposed on tobacco marketed in excess of the quota for the farm. This tax will be the higher of the following: 50 per cent of the market price, or 3 cents a pound on fire-cured, Burley and Maryland; and 2 cents a pound on all other kinds of tobacco. The tax must be paid by the person who acquires the tobacco but it may be deducted from the price paid to the producer.

Provision is made in the Act for the transfer of poundage allotments from one grower to another under regulations issued by the Secretary of Agriculture.

Many Take Advantage of Sensational Campaign Offer

Yes! the time is growing short in the sensational subscription offer of three years for \$2.00 or two years for \$1.50. Slightly more than a month is left in the campaign before it ends, Saturday, April 16.

Most of the county high schools are turning in good records in new and renewal subscriptions. Their contest will end Friday of next week, March 11. So, now is the time to renew or subscribe to the Ledger & Times, the paper that gives you coverage of all the news of Calloway county.

The campaign is rapidly progressing with a goodly number renewing their paper and we are proud to welcome the many new readers and subscribers to our flock. Come to our office on North Fourth street, see our representative, Eugene Boyd, for complete details of our campaign, or ask the county high school pupils—they will be more than glad to explain the offer to you and take your subscription.

"THE OLD GRAY MULE, SHE AIN'T WHAT SHE USED TO BE . . ."

Winebibbers and Ministers
Rub Shoulders in Mot-
ley Crowd

10,000 PEOPLE
SWARM AVENUES

To the tune of "She's a Thoroughbred Now," mule dealers and farmers from every section of Calloway county and elsewhere gathered in town on February 28 for Murray's monthly mule Monday.

Approximately 10,000 people and half as many mules, autos, two wheel carts and bicycles—the machines were—stopped—made travel on North Third and Walnut Streets a vehicular impossibility. It was in the opinion of many the largest crowd ever to assemble in Murray.

They came early and they stayed late. Warm sunshine made the day ideal. Stores were full of customers. Deals were brisk in the trading rings.

Old-timers estimated that today's was the biggest February Fourth Monday crowd in Murray's history. Dealers said approximately \$100,000 worth of business was done in mule trading alone throughout the day's activity.

The traders didn't stop at mules. They had hound dogs, squealing pigs, post-hole diggers and practically everything except the family albums to dispose of—and they found a ready market.

Colporteurs and missionaries passed out glowing mugs of foaming beer; before the left barkers corralled eager farmers and for the nominal fee of fifteen cents showed them "wonders from the Aryan Peninsula (if there is one) to the Cape of St. Hatteras."

But the mules at Murray stole the day in the very prodigality of their showing. There were little mules and big mules and jacks and Jennets—some of them lean, hungry, and wistful with scraggy tails—some sleek and smooth and some like a thoroughbred.

After noontime trying to find a parking space in Murray was like looking for a dry spot during the flood.

Farmers ate hamburgers and prepared mustard at sandwich stands strung up and down the main street. Horses knickered and manched at stew in wagon beds; overalls-clad youngsters from the river bottoms, colorfully swarted and with hats set rakishly, skimmed through the mobile groups of men and horses.

Fish dealers peddled their goods along the corner of Main and Third—canvassing their wares with quick-tongued eloquence, praising the merits of the lowly perch to the hungry shovel-billed cat. Street vendors paraded with hot tamales and sweet potato carts basked in the sun.

One old gentleman's equine string got cantankerous with him and he gave 'em a good cussing. "Get over there, you blankety-blank son of a blankety-blank!" he yelled, and by Jimmy the mules got over just like they were used to it. You can't make a mule blush, but it was a good thing there were no ladies present—at least some of the old-fashioned variety—or even near that mule-trading pool.

Every once-in-a-while you could see the Sheriff or one of his deputies sort of prowling around down in that territory innocent-like, as if he thought perhaps he might need to buy a mule or something. He said something about looking for a while mule, but most of the mules were black or brownish like.

Every now-and-then too somebody would come up and lift open a mule's mouth and pry around in it like a dentist and then maybe they'd shake their heads as if the mule had halitosis or something. And then they'd go to another one and do the same thing over again. You can't satisfy some people. They say, though, that we'll have maybe a bigger crowd for Murray's Mule Monday in March.

Drive to Make Auto Industry A Boon to Progress is Begun

NEW YORK, Feb. 27—A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced here today by Alvin Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.

The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry. Mr. Macauley said the President has been advised of plans for the campaign, which is the first cooperative effort ever undertaken in which all American automobile manufacturers have taken part.

It is aimed primarily at stimulating the disposal of used cars stocks now in dealer hands. Once this is accomplished, a substantial increase in car manufacturing schedules and employment of wage earners in the automobile factories is anticipated.

To support the campaign, Mr. Macauley announced, the manufacturers will spend \$1,250,000 in newspaper, radio and outdoor advertising and in other promotional channels. TWO-THIRDS OF THE ADVERTISING BUDGET WILL BE SPENT IN NEWSPAPERS.

"The motor car industry," said Mr. Macauley in making the announcement, "is generally credited with showing the way out of the last depression."

"Today," the automobile manufacturers' spokesman said, "the nation's 46,000 dealers and allied industries are launching a similar drive."

So far as the automobile industry is concerned, the most serious barrier to business improvement is the large stock of used cars in dealers' hands, Mr. Macauley pointed out.

"Until these cars can be sold, it is impossible for dealers to handle a normal volume of new-car business," he explained. "This means that factories will be forced to continue to part-time, and thousands of men in the motor car plants and in allied industries must remain idle."

Entered the County Public Discussion Contest at Kirksey, very efficiently represented Lynn Grove School, Evelyn Lou Lockhart won first place in humorous reading; Jessie Dee Treas won first place in the high school public discussion; Josephine Crawford who entered the poetry reading was disqualified because her selection ran over the time limit.

The following students won second place: Talmadge Jones, in oration; Barbara Nell Harris, 7th grade; 8th grade discussion; Maureen Henley, extemporaneous speaking.

By error in last week's news, the following students were left off the honor roll: eighth grade, Ruth Scherffus; juniors, Preston Goham, and Ralph Crough.

The boys in Agriculture 3 and 4 have constructed bulletin boards for each high school teacher. As a group project they have made a frame to contain the pictures of the boys and their projects.

The boys are now planning to construct a trophy case for the athletic department.

Sports
The Lynn Grove Wildcats defeated Farmington in the last game of the season, Friday night, February 25, by the score of 15-11. The second team won by the score of 14-11.

The Wildcats are preparing to go to Benton Friday morning, March 4, to participate in the District Tournament. They will meet Gilbertsville, Friday morning at 9 o'clock.

Almo High School
Those making the honor roll this week in the upper seven grades are as follows:

Sixth grade, Katie Rose Linn; seventh grade, Hazel Linn, Maydelle Roberts, Janna V. Jenkins, Elvin Phillips; eighth grade, Hughes Culver, Doris Culver, Joe Ryan, Josephine Sulter, Nell Suffer, and Nell Lassiter; freshmen, C. W. Wood and Hilda Pritchett; sophomores, Mary Nell Jones, Mamie Nell Rowland, Heyward Bodwell, Dortha Caldwell, Claudine Phillips, Josephine Sulter, Nell Suffer, and Earlene Hurler; seniors, Margaret Roberts, Hallie Lassiter, and Frances Sulter.

Mary Sue Rice, fourth grade, and Ralph Robertson, fifth grade, also made the honor roll. Their names were omitted from last week's list.

Speech News
Almo tied with Kirksey and Concord for second place in debate. Josephine Sulter won first place for Almo in oration. Frances Sulter placed second in the High School discussion and Paula Taylor was third in Seventh and Eight Grade discussion. Brookie Nell Burkeson won third place in poetry reading and Margaret Roberts won third in the humorous reading. The above results gave us second place in the county with 49 2-3 points.

Athletics
The Blue and White Warriors will meet Aurora in the first round of the District Basketball Tournament to be held at Benton this week-end. They play them at 8 o'clock Thursday night.

The Warriors lost two games to the Kirksey Eagles last Friday night.

Pottertown Scribble
There is no sickness to report this week. Most everyone went to town Monday to do their trading. Several went who didn't trade any.

We are very grateful to the Shupe Nursery of Sedalia for the shrubbery which was donated to the school for the beautification of our campus.

The debating teams went to Murray Thursday afternoon, February 24 to participate in the county debating tournament. The negative team was composed of Fannie Sue Jones and Ralph Boyett Crouch, the affirmative, Martha Nell Stark and Preston Cotham. Both teams took part in the debating and after winning four decisions out of five, were declared winners of the county.

Faxon Facets

I am glad that I have no deaths to report and I am sorry that there are no births.

There is much minor sickness, but except for scabies and puppy love, all epidemic diseases have been confined to one or two cases among pre-school children in Faxon community for many months.

Among the little folks who have been sick are Nancy Holland Parker and Mary Ruth Folwell. Among the schoolboys are Ben Barnett Hopkins and Edward McClure. Mrs. Lavie Phelps has been indisposed, and her father, Mr. Frank Lee, has been very sick. But all the sick ones are reported better, except for Mr. Charlie Williams, Pottertown, who is very sick with asthma and a possible complication of heart trouble.

Mr. and Mrs. Willard Gordon and family visited in the Clyde Church at Pottertown and attended church at Friendship.

Mr. and Mrs. L. H. Pogue and Lester had after-church dinner with Mr. and Mrs. C. C. Dyer, after which Brother Pogue filled his afternoon appointment at Coldwater.

Alf was glad to have a group of the young people call Sunday afternoon.

Mrs. W. K. Holland accompanied Mr. and Mrs. Marvin Holland to call upon her daughter, Mrs. Bessie Darnell, who is not very well, Sunday evening.

A large crowd attended church at Friendship last Lord's Day and enjoyed the good message brought by Brother Pogue from the parable of the sower.

Mr. and Mrs. J. H. Walston attended services at Coldwater Church of Christ Sunday afternoon.

Eagle, you were right, as usual. My little world has surely laughed with me. The maledorous "mouse and man" has been my most successful story. I have received some doubtful compliments, though. One person, after telling me how much she had laughed over my story, added, "I have always wondered how anyone thought up such funny stories."

I was sorry to have to assure her that I did not study it up and that it was a true story. Can you beat that, Eagle?

Brother J. T. Thurman and Sugar Tree Baptist Church are to be hosts to a Bible institute next week-end. The program has already been announced.

Brother Charlie Arnett is to preach at Friendship on the Next

Lord's Day at 11:00, after the regular lesson. Brother Charlie, a graduate of Lynn Grove High School and a member of the debate team for several years, has preached at Friendship once before. We welcome him again.—All.

Students Hold Pep Rally for Racers

Murray's KIAC-bound thoroughbreds were given a special pep

chapel Wednesday morning, February 23, in the college auditorium. Pep talks were made by Harold Lambirth, J. R. Mitchell, Edd Kellogg, Emmett Ruhl, Lewis Applegate, and Dr. J. W. Carr. Cheers were led by Louis Loriaux, Watkins Jones, and Virgil Gipsen.

Plans were made for a special pep rally, Thursday morning at 7 o'clock as the team left.

Miss Winifred Keys Is Wed to Robert Burnett Miller in Home Ceremony

The marriage of Miss Winifred Keys and Robert Burnett Miller was solemnized Friday morning, February 25, at nine o'clock at the home of the bride in the presence of the immediate families and a few close friends.

A floral setting was provided for the ceremony, with an improvised altar of ferns and pink anemones and tall branched candelabras burning white tapers. Miss Dorothy Robertson and Miss Christine Johnson lighted the candles and assisted in receiving the guests.

Before the ceremony Mrs. J. R. Williams, accompanied at the piano by Miss Lula Clayton Beale, sang "I Love You Truly" and "For Love's Sweet Sake." A sentiment was attached to the selection of the musical numbers, which were those used at the wedding of the bride's parents. Miss Beale played Lohengrin's wedding march for the entrance of the bridal party and Mendelssohn's march for the recessional. "Pledge Song" was softly played during the ceremony.

The bride entered the living room with her uncle, Mr. Isaac Keys, of Corpus Christi, Tex., who gave her in marriage. They were met at the altar by the groom and the Rev. Sam P. Martin, pastor of the First Baptist Church, who performed the single ring ceremony.

The bride was lovely in a three-piece suit of two shades of blue, woven with blue fox collar, with which she wore navy accessories. Her corsage was of gardenias and freesias.

Immediately after the ceremony Mr. and Mrs. Miller left for an unannounced destination. They will be at home after March 2, at 1232 North Second street, Nashville.

The bride is the daughter of Mrs. Benjamin Butler Keys, and the late Doctor Keys, and is of families who have long been prominent in affairs of the county and state. She attended Bethel College at Hopkinsville and graduated from Murray State College. She has traveled both in this country and abroad.

Mr. Miller is the son of Mrs. Will Miller and the late Mr. Miller of Springfield, Tenn. He is a graduate of Murray State College and holds a telephone position with the Bell Telephone Company in Nashville.

Out-of-town guests for the wedding were Mr. Isaac Keys of Corpus Christi, Tex.; Mrs. Justice Smith, sister of the groom, of Nashville; Claude Coles of Springfield, Tenn.; Miss Carrie Baker, Hop-

kinsville, Mrs. Clover Coleman, Mrs. Boone Reed, Mr. and Mrs. Dick Reed, Dr. Palmer Reed, William, and David Reed of Paducah.

Bridge Club Meets With Mrs. Stubblefield

The Friday afternoon bridge club met last week at the home of Mrs. Vernon Stubblefield, Jr. Mrs. Clifford Meigs was winner of the high score prize.

The hostess served a delicious salad plate at the conclusion of the game.

Only members were present.

Granddaughter's Engagement Announced

Mr. and Mrs. Roy Farmer announce the engagement of their granddaughter, Laura Frances Morris, to Wilson Meeks, son of Mr. and Mrs. R. L. Meeks, of Greenwood, Miss.

Mr. Meeks was graduated from the University of Mississippi last year. He is now employed in Chicago where the young couple will make their home. Miss Morris attended Mrs. R. L. Meeks, of Greenwood, Miss.

Friends Surprise Barnett With Birthday Party

A few of the friends of Mr. and Mrs. Bailey Barnett, surprised them with a birthday party and dinner at their home Sunday in honor of Barnett's 34th birthday.

Present in addition to Mr. and Mrs. Barnett and their son, Toy Lee, who aided in planning the surprise, were Mr. and Mrs. Shellie Farris, Mr. and Mrs. Ollis Williams, and daughter, Ollie, Ollie Thomas, and Cory Cress, Miss Ivy Wilson, and Dennis Farris.

Bailey Barnett is the son of Tom Barnett of the East Side.

Alice Waters Society Holds Regular Meeting

The Alice Waters Missionary Society held its regular meeting Tuesday afternoon in the home of Miss Alice Waters. The discussion subject was "Methodist Women's Building their own Community."

Mr. L. J. Horton, chairman of the social relations committee, was in charge of the program, which included an opening song, "What a Friend We Have in Jesus," the reading of a poem by Mrs. L. R. Putnam, "Where Cross the Crowd," and a sermon by the Rev. J. Mack Jenkins, concerning passages narrating the healing of the sick, etc.

Mr. Horton introduced Mrs. Le-

land Owen as the guest speaker. Mrs. Owen made impressive and timely remarks; then presented Dr. J. A. Outland, who gave a splendid talk on "What we can do Toward Health." Mrs. Horton then led prayer. Mrs. G. C. Ashcraft, chairman, presided over the business session, at which time it was decided to increase the pledges to 38.

Miss Waters was made the delegate to the annual missionary conference at Humboldt, Tenn., in March.

There were 36 present. A lovely plate was served to the group by the host, assisted by Miss Effie James, Mrs. Bob Guthrie, and Mrs. C. A. Bishop.

Mrs. Richmond Is Club Hostess

Mrs. James H. Richmond was hostess to the Thursday morning bridge club at her home. The club prize for high score was won by Mrs. L. J. Horton and the guest prize by Mrs. Kelly Dick of Paris, Tenn.

Frazee, Mrs. Joe Ryan, Miss Mary Shipley, Mrs. Vernon Stubblefield, Sr., and the honoree.

Presbyterian Women's Auxiliary Meets Tuesday

At the regular meeting of the Presbyterian Women's Auxiliary Tuesday, the members and guests were privileged to enjoy a most enlightening discussion of the book "The Return of Religion," which was read by Mrs. G. T. Hicks.

Most significant were Dr. Linek's (the author's) activities in the field of mental hygiene which eventually forced him back to religion as the chief stabilizer and cure to happiness.

The author's practical suggestions for a more abundant life were interestingly advanced by the speaker.

Mrs. Hicks' discussion followed a devotional period centered about worship as a theme and led by Mrs. Bruce B. Maguire.

The spirit of worship was deepened by musical selections played beautifully by Mrs. C. R. McGovern and Miss Virginia Thomson.

Mrs. George Baker was hostess to the group.

Mr. and Mrs. Rex Dowdy Are Honored

Mr. and Mrs. Rex Dowdy were honored with a shower Saturday afternoon, February 26, at the home of Ed Dowdy. The honorees received many pretty and useful gifts.

LONGED-FOR SALVATION

There are many dear ones That are lonely and sad, Longing for some one To make them glad.

That they may live With a contented mind With the hope of glory And that job sublime.

That claim to be saved Help them find the happiness They so long have craved?

By speaking a kind word Or doing a deed It would help them, I know, To the Christ that they need.

It would make you so happy To lead souls to Christ— It would make you feel like Travelling through life: Your joys will be sweeter, Your chime at each thought Of a soul's being saved.

That so long you had sought, How long some have wondered Why it was that you Didn't try to help them, Since you claim to be true, Their nights are spent restless, They are longing for Christ To take away the burdens And give them new life.

We sometimes neglect The ones in greatest need We don't have the courage To take the lead; We fail to pray For the strength and light To lead us through The darkest night.

We let the lost ones weary on In the battle for sin; Now if we claim to be right Let's wake up and win.

Star Climbers

How do you account for aching human bones?

For longings born of elemental hopes? Upholding Labor's pain, Man lived alone, until gregarious drones Concealed the postulates of communal gain.

Then on he came there came a glow—a dream— A simple, fleeting flash that soon was gone. Like dust in summer winds

It drifted over hills on softened wings And then returned; that man might soldier theme

With Universe and Love, unfolding minds Moments made tomorrow, years, and centuries.

Black gloom enforced despair— companioned misery— created hell.

And with the hell came God. Life's goal was found.

A storm-impassioned Beauty swayed the seas.

And with Aurora, ignorance heard its knell.

Then Pagan painters on a Hebrew's throne

Instituted pictures dark with blood. Quick brains erased the gloom.

While Freedom crashed earth's portals without sound.

The rolling ages heard one single groan.

The avalanche of cycles rumbling doom To Labor's efforts, crumbling into dust.

The middle course lay bare, and it alone, and mouthed futility.

To laws of trade and economic arts.

The smashing heavens thundered one word: "Must!"

And roaring war replaced utility. The flexive back of Labor bore this weight

Through iron ages of combative greed. Through all, the same life burned

The same red blood leaped through the pulsing hearts Of kings and slaves. The race alone drove Fate:

Collective bodies used what one man learned.

Most of the sick people of this community so far as we have learned, with the exception of J. S. Smotherman, are improving.

Mrs. Dennis Boyd and son, Hazel Lee, and Mrs. Alice Ellis recently visited their aunt and sister, Mrs. Belle Story, near Edgehill, who remain very poorly. We hope the nice March weather will bring improvement in health.

According to a statement made by Supt. M. O. Wraether to the writer, the teachers of Calloway county understand that the school law requires the daily reading of the Bible in the school. If the teachers of Kentucky wholeheartedly comply with that law perhaps some of them on the great judgment day may see some of their former pupils with the reward who might have missed heaven had they not made use of their God-given privileges in showing respect and love of God's word.

Mrs. Walter Jackson and Mrs. Obie Jones are aunts of Goldie Orr who passed away Monday. His mother was a daughter of the late Mr. and Mrs. Bill West who were reared in this vicinity. We extend our deepest sympathy to the bereaved ones.

"Behind the Scenes in American Business"

NEW YORK, Mar. 3.—BUSINESS—Rays of sunshine pierced the recession-clouded business skies this week and revived hope for a spring recovery. Swift moving international events, including Hitler's move into Austria, Foreign Minister Eden's resignation and Great Britain's new policy of co-operation with the dictator nation helped to clarify the European political atmosphere and lessen the fear of war there.

Merchants and business men throughout the world looked upon these events with optimism. Commodity prices rose. Cotton was up in Bombay and Liverpool, wool rose in Australia, rubber, tin, lead, and grains rose in other markets. Rising prices for raw materials meant that the forces of inflation have set an again.

DIPLOMACY—A clever Englishwoman with a zeal for diplomacy is playing an important part in world affairs. She is Lady Chamberlain, wife of the late Sir Austen Chamberlain, who for the past six weeks has been "behind the scenes" in Rome actively promoting Anglo-Italian friendship. Actually it was Lady Chamberlain who convinced her brother-in-law, Britain's prime minister, Neville Chamberlain, that Mussolini was sincere in his desire for a better understanding with England. Lady Chamberlain will be remembered as the woman who helped to engender the "four power pact" at Locarno more years ago when she took the delegates from Britain, France, Germany, and England off on a picnic and urged them to get together.

RETAIL TRADE—Observers believe that an upturn in retail trade will take place within the next six weeks. They point out that every past depression, the so-called consumer goods industries such as clothing, foodstuffs, furniture have been the first to stage a comeback. Wholesalers have been reporting better business in these lines for several weeks past and it is logical to assume that when the new merchandise gets into retail stores the public's appetite will be whetted and its purse strings opened as the Easter season approaches.

INFLATION—In the past five years, according to Moody's index, the cost of living has risen 24 per cent and the general price level 32 per cent. Farm products have climbed 118 per cent and wholesale prices 45 per cent. This, in reality, is inflation. Few persons realize it but since February, 1933, eggs have gone up 73 per cent and flour has jumped 69 per cent. Many economists believe that commodity prices will rise 50-60 per cent and the cost of living will double within the next few years.

WE'VE BEEN TOLD—That the breeding, feeding and sale of equipment for dogs is a \$75,000,000 industry in America. There are approximately 32,000,000 unorganized workers in the United States and 7,000,000 organized. The Daily Worker, leading communist paper, has a circulation of 40,000 and uses old presses once owned by The Wall Street Journal, a leading financial paper. Glass lined tanks for storing beer, 11 feet wide and 40 feet long, hold 340,000 glasses of beer or enough for a glass for all people in Milwaukee. The Empire State Building is frequently struck by lightning. 425,000,000 yards of cotton cloth were Sanforized (treated to prevent shrinkage) by Cluett, Peabody and Co. last year.

REDUCING TIRE COSTS—American car owners would find their annual tire bill reduced \$100,000,000 if complete use were made of the latest technical advances in tire design. This estimate was made last week by Pittsburgh Testing Laboratory, independent research organization.

APPROVAL OF \$2,750,000 LOAN ON TOBACCO IS ANNOUNCED

The Agricultural Administration announced today that loans to tobacco growers associations on fire-cured and dark air-cured tobacco, amounting to \$2,750,000 have been recommended by Secretary Wallace and approved by the Commodity Credit Corporation and the President.

The loans, made available under the Agricultural Adjustment Act of 1938, will be used by the associations to acquire tobaccos of four different types produced in 1937, for the necessary expenses of pricing and carrying the tobacco, and for advances required for operating and selling expenses of the tobacco.

The loans, tobacco growers' association representatives point out, will enable the associations to continue to accept the tobacco offered to them currently.

Contracts have been made between the three associations obtaining loans and nicotine and by-product manufacturers for the disposal of fire-cured and dark air-cured tobaccos in a diversion program now in effect. Efforts are being made to enlarge diversion outlets.

Working For the Other Fellow

Stock fire insurance companies were partners in every enterprise that went into the making of a nation. The railroads pioneered in extending the old frontiers to the waters of the Pacific, but stock fire insurance companies made this possible by the stabilization of industry and the guaranteed protection of the communities which warranted new railroads.

"Gas first, then electricity replaced kerosene and remodeled our ways of living and doing business, but stock fire insurance was the silent partner in these changes, paving the way and directing the new order along lines of maximum safety."

"Steel reformed America into industrial leadership—again with the supporting arm of stock company fire insurance without which capital simply could not have ventured into the new enterprise."

"Aviation is today changing our horizons. This expansion is helped materially by the backing of sound and adequate capital stock fire insurance."

"Starting out on the farm and coming all the way through every industrial and commercial enterprise, you will find stock company fire insurance in the same, dependably close relationship which gave stability to the credit and commercial activities of the nation since its birth."

Today, as yesterday, stock fire insurance is the mainstay of commercial and private credit. It doesn't foot its own horn to any great extent, but few industries have contributed as much that is indispensable to our modern American civilization.

They were toasted for their marvelous record this season, and urged on to victory in the SIAA tournament this week-end.

Hall Hood, who witnessed the last week-end game, gave a very spirited and inspiring talk to the boys as only Hall can. He told what happened in last week's game, and urged all who possibly can to go to Bowling Green this week-end to back the boys. Coach Carlisle Cutchin responded for the team and short pep talks were given by various members of the club.

In Metcalfe county, Mrs. W. L. Kessler cleared \$254 and Mrs. Jack Sparks \$103 on their poultry flocks last year.

Purcell Speaks to Hunters' Unit

Dr. C. E. Purcell, of Paducah, authority on predatory fowl and their destruction spoke to the sportman's club in the court house Tuesday evening. He was brought here to tell local hunters of the real sport in killing hawks and crows, and the good it did to destroy this type of bird.

He exhibited pictures of them he has killed. He stated that crows are the most intelligent of all birds, they destroy 80 per cent of wild duck eggs and ducklings, destroy lambs, young pigs, and chickens. Crows have concentration points where they gather and get together in the fall of the year. Mr. Purcell stated due to their intelligence one must wear green colored clothing in hunting them and find a spot where you can see them but they cannot see you. He gave demonstrations on crow and hawk calls.

The meeting was presided over by John Oury, chairman.

Jack Sharborough Is Committeeman

Stewart McDonald, administrator of the Federal Housing Administration of Washington, D. C., has announced the acceptance of Jack Sharborough of the Calloway County Lumber Company to serve as a voluntary chairman of a Better Housing Committee of this community.

Mr. McDonald stated that the complete details of the plan they are formulating for operating under new amendments to the National Housing Act will be forwarded to Mr. Sharborough as promptly as possible.

A representative of the Federal Housing Administration offices will soon come to Murray to assist in forming the local organization, and they have asked that other building supply dealers, civic organizations and lumber dealers enter into a complete cooperation with Mr. Sharborough in stimulating the program here in Murray.

Tomorrow BELONGS TO YOUR CHILDREN

TODAY'S needs and problems naturally get FIRST attention from fathers and mothers, facing family responsibilities.

Yet the present must not be allowed to eclipse the problems of tomorrow—problems which will confront the parents of the next generation, OUR sons and OUR daughters.

In that tomorrow which will soon be here, the opportunities which will exist, the pleasures and comforts of life which can be realized—depend upon OUR attitude and actions today. Our thoughts and our actions in the present have a vital bearing on our future and our children's future.

Not only can we ourselves influence the course of events today and tomorrow; we also can help teach our children the lessons of civic and patriotic responsibility which will enable them, in their turn, to go forward in peace and prosperity. We can teach them to be American citizens.

No greater responsibility faces us today than that of seeing that by our thoughts and actions we keep open the gates of opportunity for our sons and daughters.

Let each of us, through public example and family teachings, do his or her share to maintain those fine American traits of tolerance and fair play which make OPPORTUNITY... which have built up our country and which alone can preserve it—for us and for our children.

Let's All Unite in Our Efforts as Citizens to Aid our Public Officials in Stamping Out Petty Crime and Thievery so that the Murray and Calloway County of Tomorrow will be a Safe Place for Our Children. Let's Cooperate by giving any information about Crime to the proper officials so that offenders will receive their proper punishment at the Bar of Justice.

There is still a lot of sickness around here, mostly flu and colds.

IN LOVING MEMORY

In loving memory of my dear mother, Addie Todd, who passed away February 27, 1920, age 45.

Just a thought of sweet remembrance, Just a memory fond and true, Just a token of affection And a heartache still for you.

We saw her fading like a flower, But could not make her stay, We nursed her with a tender care, But she went away.

For the one who sees the tears, As they fall in sweet remembrance, For the one who loved so dear, Days have gone, still we miss her, Some may think the sorrow's healed.

Little do they know the sadness That lingers within our hearts concealed, Days of sadness still pass over us, Tears in silence often flow, Love shall always keep her near us.

Musical Comment

Quite a few things of importance to Murray musicians have occurred or will occur this week. Here are a few of them.

Albert Spalding world famous violinist, played an interesting recital in Paducah, Monday evening. Several college students took advantage of this opportunity of hearing a fine artist perform and enjoyed the program. May we have more of the worthwhile artists play in this vicinity.

Tonight at 8:15, in the college auditorium, Linda Sue McGehee, soprano, and Flora Alcock, pianist, will present a recital of interest to both student and townspeople.

Miss McGehee, a senior, whose home is in Mayfield, is well known about town here due to many appearances both as a soloist and as a member of the girls' quartet of the college. Flora Alcock, somewhat less known here is senior from Melba, Ky.

Next Monday evening at 8:15 in the college auditorium Allen Cash, of Louisville, and Charles Baugh, of Lynn Grove, will present their recital. Mr. Cash will play the French horn; Mr. Baugh will sing a varied group of baritone solos. They cordially invite you to attend their program.

Program Mozart's "Concerto No. 3 K. 447," with the movements "Alla Bre," "Romance," and "Rondo" by Cash; the Prologue to Leoncavallo's "Pagliacci" by Baugh; Gardner Read's "Dom. I. by Cash; Claire Guedy's "Lied d'Armonie," Alfred Delbruck's "Un doux lieu," and Massenet's "Vision fugitive (Hérodiade)" with Recitative and Aria, all by Baugh; Beethoven's Sonata for horn and piano Op. 17, which includes the movements "Allegro," "Poco adagio" and "Rondo," by Cash; and Baugh will close the program with vocal rendition of Frederick Keel's "Trade Wind."

Phil Howard's "Sky Pastures," and Michael Head's "When I Think Upon the Maidens."

People of Murray will be pleased to learn that three students of the College Training School have been selected to sing in the All-State Chorus, to be gathered at the state musical festival in Lexington, Ky., April 30. Noble Cain, the famous director of choirs, will direct the chorus in several numbers. The three students are Marjha, Lou Hayes, Louise Pufman, and Martha Robertson. Good luck—and keep your eyes and ears on Mr. Cain!

Across the River

There's not much news to report but I'll scribble a few lines anyway.

Alf, I enjoyed your good letter of a few weeks past. Write more of them.

There's talk of school closing because of measles over here. Yes, I noticed I called measles "them" last week. It does seem plural to me especially since we had it.

Several attended church here third Sunday. All were disappointed to hear that Bro. Billington of Akron, will not be here to hold the revival this summer since he has organized a new church in Ohio. We all certainly like that young man and wish we had more like him.

F. H. Spiceland's family visited his mother last Sunday. We wonder about the verse, "Train up a child in the way he should go and when he is old he will not depart from it," when we hear the Spiceland boys animatedly discussing basketball. Two are coaches. They weren't trained up to play ball.

R. B. Kirks and Linus Spiceland are planning on going to Bowling Green to attend the ball game next week.

Mrs. Coraella Kirks is liking college life fine. When I hear a bunch of students and teachers discussing subjects in school, I experience a passing nostalgia for the halls of learning with the opportunities and fellowships they

afford, then I quickly remember how I have sat in class rooms and looked out at through bars at green grass sprouting and envied the bees flitting from flower to flower, then I know that it's distance that lends enchantment, and that "all's not gold" that glitters. Anyway—it's only the closed mind which cannot learn something even if nature's the only teacher. Even my little six year old nephew, Gene, told me when I wondered if I placed a horseshoe on a small bush if the horseshoe would finally be in the top of the grown tree, that it would not. He said the bark would continue to "grow around it" and perhaps finally enclose it, but that the shoe would never go higher. Is that so?

Wonder how the brother, Guy Lovins is enjoying his junior year's work. He could tell them how to milk cows and might give a few cooking hints.

Wedding bells have certainly surprised us recently. Another Stewart cousin, Miss Freda Lancaster went to Calloway as the bride of J. B. Lassiter last week. That surprised us, but even more unexpectedly came the news of the wedding of Miss Lorene Spiceland to Robert McCage and their sudden departure for Detroit. We wish them much success and happiness, but still we experience a twinge of sadness to hear of the first link breaking in a happy family. It seems that a family remains complete such a short time before the old home nest is empty again.

Mr. and Mrs. Lloyd Spiceland of Tolu spent the week-end at his mother's Mrs. Christine Dawson was also there.

Mr. and Mrs. Linus Spiceland visited Mr. and Mrs. Seaman Spiceland in Dover Sunday.

The Homemakers Club met with Mrs. Chatterbox Tuesday.

Mrs. Jeanie Aeree is at home recuperating from several operations. We're glad to have her back again—Chatterbox.

Buchanan News

Mr. and Mrs. Demoy Roberts of Highland Park, Mich. are visiting relatives here.

Noah Wheatly, Elizabeth and Avis Holt spent Sunday with Mr. and Mrs. Thomas Hendon of New Concord.

Sunday visitors in the home of Mr. and Mrs. Hafford Robinson were Mr. and Mrs. Demoy Roberts, Mr. and Mrs. Clifford Robinson, Mr. and Mrs. Clifton Robinson and baby, Mr. and Mrs. Boyd Calloway and daughter.

Mr. and Mrs. Edward Smith of Puryear visited Mr. and Mrs. Prince Robinson Sunday.

Mr. and Mrs. Chester Yarbrough had as their week-end guests the latter's parents, Mr. and Mrs. Henry Morris.

Raymond Calloway's dog went mad last week, but was killed before it came in contact with any one.

A large crowd attended the household shower given in honor

of Mr. and Mrs. Chester Yarbrough Saturday night at the home of Mr. and Mrs. Henry Morris. Many gifts were received by the honorees. Music was a feature of the evening.

Mrs. Anna Morris received injuries in a fall last week.

Mrs. Conway Jack was host at a quilting Tuesday. Twenty-one women were present.

Miss Frances Osborn, Puryear, visited her grandmother, Mrs. C. T. Morris, Saturday.

Fossil of Shark Is Found in Cave

A fossil found in heretofore unexplored territory in Mammoth Cave by an exploration party last September has been identified by Dr. J. Harlan Bretz, Professor of Geology of the University of Chicago, as part of the spine of a shark which lived in an inland sea spreading over what is now the Mississippi Valley and the Appalachian Mountains something like 300 million years ago. According to Dr. Bretz the shark was probably 10 to 12 feet long and was known as *Ctenacanthus*. It lived and died some millions of years before the beginning of the formation of Mammoth Cave. In fact, it is as old as the rock in which its spine is embedded.

Approximately 30,000,000 board feet of lumber will be required in the construction of the 1939 Golden Gate International Exposition.

Operating eighty-six passenger and service cars and trucks over a distance of 714,684 miles with only 12 minor accidents was a record set by the Kentucky-Tennessee Light and Power Company in the country-wide highway safety movement during the past year. This record of only about one and six-tenths minor accidents to each one hundred thousand miles traveled over the company's territory is outstanding among traffic records. The company's operations cover a good portion of the states of Kentucky and Tennessee. No accidents of a vital or really serious nature occurred during the year.

Accident prevention has been stressed by the company for a number of years and special cooperation is being given state, municipal and national organizations in the prevention of highway accidents. Instructions in careful driving, as well as special attention to the operating condition of all cars before they are sent out on the highways, has been a material aid to the company in the elimination of accidents.

CHRISTIAN SCIENCE

"Man" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, March 6.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Cease ye from man, whose breath is in his nostrils: for wherein is he to be accounted of?" (Isaiah 2:22).

The Lesson-Sermon also includes passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

"Man's individuality is not material. It is only by acknowledging the supremacy of Spirit, which annuls the claims of mortality and find the indissoluble spiritual link which establishes man forever in the divine likeness, inseparable from his creator."

Paducah Lady Is New Owner of Bluebird Cafe

Mrs. Cora Hartley of Paducah has purchased the Blue Bird Cafe of Claude Brown. Mrs. Hartley has been in the restaurant business several years in Providence and Paducah. She was born about 12 miles east of Murray and was formerly Miss Cora Mayes. She stated this morning she will continue to operate the Cafe on the high plane as it has been operated in the past. George Caras of Paducah will assist her in the operation of the business.

Mrs. Brown has not announced her future plans.

Faculty Defeats Alumni in Game

Members of the faculty of Murray State College who are athletically inclined triumphed in a quarter composed of alumni in the Carr health building last night by a score of 28-25.

The alumni had no substitutes, but the faculty did. About 600 people saw the game. Players for the faculty included G. C. Ashcraft, Everett Howton, Walter Blackburn, G. B. Pennabaker, A. F. Yancey, Clifton Thurman, C. R. McGovern and others. Players for the alumni were Ralph Wear, Glen Jeffrey, Gene Boyd, Buron Jeffrey, and Edward Freeman.

TIGERS WILL MEET B'HAM IN TOURNNEY

Wards of Preston Holland May Clash With Sharpe Friday Night at 8:30

Coach Preston Holland said his team of Murray High School Tigers were in the best form of the year for their opening round of the district tournament Friday morning at 10 o'clock against Birmingham at 10 o'clock against Birmingham in the tournament with the exception of Sharpe and of course Murray—he figures his team will come out on the winning end of the deal.

If it should and if Sharpe should win, the game with Aurora—which is almost a certainty—then the Tigers and Coach Holland's Green Devils will clash in the feature attraction of Friday night's billing at 8:30 in Benton High School's auditorium.

Holland said Phil Cutchin's ankles which bothered him with sprains during the major part of the season are in good condition again and that means a lot to Murray's chances of winning.

Below is an announcement which includes the voting places where farmers may vote on the new farm program on Saturday, March 12. The poll will be carried on in the names of a couple election.

Thoroughbreds Gird Loins for SIAA Tourney This Week

STUDENTS STAGE HUGE PEP RALLIES IN BIG SEND-OFF

Murray's Fold-Up at Half in
Western Game Was
Great Shock

RACEHORSES BELIEVE THEY'LL WIN TOURNEY

The Murray College Thoroughbreds back home this week didn't look exactly like the offsprings of Man O' War, but they had the grim look about them which bespoke determination to win the SIAA tournament—even if they have to beat the Hilltoppers in their den to do it. In the final next Saturday night at Bowling Green.

The boys had just returned from Richmond, Ky., where they'd lost the championship of Kentucky college basketball to the team which has won it for 7 consecutive years—Western State of Bowling Green—a team which every one of the Racers felt they should have beaten.

Murray started like a whirlwind to sweep Western off its feet and jumped into a 17-2 lead when the game was 16 minutes gone. But then something happened—the boys said they gave out—and the Hilltoppers waited in baskets to make the score at the half 17-10 in favor of Murray. Within a minute after the second period started, Murray led by only 17-16, and from then on it was Western's ball game, the Racers converting on

but one field goal the entire last half.

The Thoroughbreds, Coach Carlisle Cutchin and the student body and townspeople here at Murray have turned their attention to the SIAA tournament at Bowling Green this week-end, and all are intently hoping that Murray if it gets another crack at Western will not fold up at the half.

In fact, the student body of Murray State College, under the leadership of the Student Government of the college, launched what many believe was the most enthusiastic pep rally ever staged at the college in preparation for the SIAA tourney. The first session of the week was held in the college auditorium Monday morning.

The chapel period was more than doubled to allow for the numerous speeches, yells, and music which contributed toward making the rally a success. Student President Lewis Applegate presided over the meeting.

Plans were carried out for a full week of rallying in support of the team, which leaves for Bowling Green tomorrow. Bonfires, snake dances, and pep sessions were included in the week's program.

One of the largest aggregations ever to leave Murray at one time is expected in Bowling Green for the SIAA final games on Saturday. The Murray 86-piece band, "Best in the SIAA" will probably make the trip, and a parade is scheduled to start in Bowling Green at 11 o'clock Saturday morning.

Fired tobacco brought 7 cents more per pound than unfired for Tom Dunlap, a Grant county farmer.

Bob Humphreys Is Home-Towner Who Makes Good

Bob Humphreys, Detroit, son of Mr. and Mrs. Lee Humphreys, of Calloway county, has recently been promoted to the management of the second largest grocery store in Detroit and the third largest in the United States, it was reported here today.

Young Humphreys has not been in Detroit so very long, but he is the perfect example of the home-town boy who made good in the city. He got a job first as a clerk in Smith's grocery there; worked later for the Atlantic and Pacific company where as reward for his industry he eventually was given the managerial position he now holds.

One hundred boys and girls are employed as special helpers in the store. Humphreys manages. During the store's opening week, five special policemen were necessary to take care of the people whose masses lined were more than half a block long, the report stated.

Mrs. Humphreys was formerly Miss Mattie Mae Robertson of this county. Fred Robertson, son of Mr. and Mrs. J. B. Robertson, is an employee in the A. & P. store operated by Humphreys.

Rabbi Feinsilver Addresses Group on 'Common Task'

Thirty young people heard Rabbi Alexander Feinsilver of Temple Israel, Paducah, declare Tuesday night that the "common task" of Jews and Christians is the development of human rather than racial appreciations and that the traditional persecution of the Jews was but the natural heritage of a minority race.

The meeting was held in the apartment of the Rev. and Mrs. Bruce B. Maguire in College Addition.

Mr. Maguire, a Presbyterian minister, was in charge of the program.

Joan Bennett co-starred with Henry Fonda in "I MET MY LOVE AGAIN" starting Sunday at the Capitol Theatre.

gram and introduced the speaker. The Judaistic Rabbi's message came as a fitting corollary to the observance of the fifth annual Brotherhood Day which is based upon the conviction by its proponents that Anglicans, Evangelical Protestants, Jews, Mormons, Roman Catholics, Quakers, Unitarians and others have many interests in common.

The Rabbi indicated that many of the impressions commonly held by gentiles in regard to the Jew are traditional "stereotypes" based on individual characteristics rather than types. The Jew, he said, as a minority figure, has not had the advantage of popular faith.

After the session, a discussion group lingered and in a forum-like hour spoke of the distinguishing and varying phases of the Christian and Judaistic beliefs.

KENDALL GETS PAROLE

Ed Kendall, sentenced last August to serve one year in the state penitentiary at Edenville for jailbreaking, this week was given parole by the state board along with 17 other prisoners at the penal institution.

Murray-Western May Meet In SIAA Final Saturday Eve

Two Teams Gain Opposite Brackets in Drawings

Western Kentucky's Teachers and Murray's Thoroughbreds were placed in opposite brackets Monday in drawings for the annual basketball tournament of the Southern Intercollegiate Athletic Association, which begins today at Bowling Green.

And that means it'll be possible for them to meet in a tournament final for the second time in as many week-ends—if they defeat early-round opponents.

Last Saturday Western won the championship of the Kentucky Intercollegiate Athletic Conference for the seventh consecutive year with a 35-23 defeat over Murray.

Runners-Up Last Year

Adding to the keenness of the competition will be the fact that Murray also was runner-up to Western for the SIAA title last year.

Teams in the top bracket are: Murray; Centenary, Shreveport, La.; Kentucky Wesleyan, Winchester; Wofford College, Spartans-

burg, S. C., and Presbyterian College, Clinton, S. C.

Lower-bracket teams are: Western; Stetson College, DeLand, Fla.; Louisiana Normal College, Natchitoches, La.; Union University, Jackson, Tenn.; and Delta State Teachers College, Cleveland, Miss.

Four Seeded Quintets

The seeded teams are Western, Murray, Centenary and Stetson. Stetson is in Western's bracket and Centenary in Murray's.

Thursday (First Round)

2:30—Centenary vs. Wesleyan.

7:30—Western vs. Louisiana Normal (Other teams drew byes).

Friday (Second Round)

2:30—Murray vs. Presbyterian.

3:30—Wofford vs. Centenary.

Wesleyan winner.

7:30—Stetson vs. Delta.

8:30—Union vs. Western-Louisiana Normal winner.

Saturday Afternoon (Semi-final Round)

1:30—Winners of two Friday afternoon games.

2:30—Winners of two Friday night games.

Saturday Night (Final Round)

8:30—Winners of Saturday afternoon games.

FRESH END SEASON WITH FINE RECORD

Copeland and Washer from Calloway County Make Letters

Kenneth Park, of Decatur, Ill., was named honorary captain of the freshman basketball team at Murray State College, when the fresh met and selected their captain for the 1938 season.

At the same time, 10 numerals were named by Coach John Miller. They were: Kenneth Park, Decatur, Ill.; Leslie McKeel, Decatur, Ark.; Lonnie Wright, Boaz, Ned Washer, Kirksey; Novice Copeland, Kirksey; Carlisle Wallis, Barlow; Cobble Lee, Catlettsburg; Tommy Neathamer, Cairo, Ill.; Joe Baker, Greenfield, Tenn.; James Gorgius, Pilot Oak.

The freshman team won 5 games and lost 6 for a percentage of .465. The team showed improvement after the enrollment of Ned Washer and Novice Copeland in the spring semester.

Outstanding victories were earned over University of Tennessee Junior College of Martin, Tenn., and the Paducah Junior College. Captain Park is the son of Mr. and Mrs. Leslie H. Park of Decatur and is a graduate of Decatur High School.

Junior Class Wins Dramatic Contest

The junior class of the Murray high school Thursday night placed first in an inter-class dramatics contest which featured a one-act play given by each class. The juniors presented "Silence, Please."

The freshmen placed second in an audience decision with "Pet's Last Whimper." The sophomores and seniors dramatized "Little Oscar" and "Henry's Mail-Order Wife" respectively.

Miss Mary Frances Perdue and Mrs. James Thurmond did special numbers. Miss Dot Currier was pianist.

Stage managers were Rebecca Robertson, Edith Jones, and John L. Roach; business manager was Clara Nell Cunningham; ushers were Margaret S. Saunders, Mary L. Coleman, Freeda Smith, and Irene Watkins. The furniture used was furnished through Crass Furniture Company.

CARD OF THANKS

We, the family of Raymond Perry, wish to express our sincere thanks to our many friends during the illness and death of our son, and brother. We are also grateful to those who expressed their sympathy in the beautiful floral offering; to Sister Bula Coleman for her comforting words; also to Dr. Hugh Houston and the Churchill Funeral Home for their kindness and sympathy.

New Crop Law is Announced Sunday by National Heads

APPROPRIATION IS \$500,000,000 IN BENEFIT FUNDS

If Growers Deductions Exceed Benefits He Will Not Pay Difference

SUBSIDIES GET O.K.
FROM AAA LEADERS

WASHINGTON, March 3.—Farmers who harvested more than their allotted acreage of major crops face drastic deductions in their Federal subsidy payments under the new farm program, officials disclosed Sunday.

The Agricultural Adjustment Administration announced detailed regulations governing payment of benefits from \$500,000,000 Congress is authorized to appropriate for financing the new crop control law.

Crops affected include cotton, corn, wheat, tobacco, rice, potatoes, peanuts and "others designated officially as "soil-depleting."

Subsidies O. K'd.

The new farm act authorizes payment of subsidies to growers who divert land from these crops to those which improve the soil and who use other practices which the A.A.A. says are soil-building.

In announcing the regulations, J. B. Hutson, assistant A.A.A. administrator, said the subsidy or "soil conservation" phase of the farm program was designed to do more than improve and maintain soil fertility. He said "it will tend to keep production in line" with crop requirements.

Other provisions of the new act authorize the use of a marketing quota system, when approved by two-thirds of the growers voting in referendums, to keep surplus supplies off the market.

Wheat Gift 12 Cents

Under terms of the subsidy program wheat growers, for example, will be paid at the rate of 12 cents a bushel on the normal production from acreage allotted to them.

However, if they harvest more than their allotted acreage, deductions from these payments will be made at the rate of 96 cents a bushel on the normal production of the excess acreage.

Likewise, corn growers will be paid subsidy rates of 10 cents a bushel on the normal production of their acreage allotment, but lose subsidy at the rate of 50 cents

a bushel on the normal production of any extra acres.

Cotton growers face even larger deductions for "over-planting." If they knowingly exceed their acreage allotments, they will be denied all subsidies. However, if they unknowingly "overplant," their payments will be subject to deductions at the rate of 5 cents a pound on the normal production of the excess acreage.

Tobacco Rate Varies

The subsidy rate for compliance with the cotton program is 24 cents a pound. Benefit and deduction rates, respectively, for other crops include potatoes, 3 and 30 cents a bushel. The subsidy rate for tobacco varies, according to types, from 5 to 15 cents a pound, and the deduction rate from 5 to 15 cents a pound. Inasmuch as winter wheat also (Continued on Page 4, this Sec.)

A Requirement Of Modern Life

A few weeks ago President Gay of the New York Stock Exchange appointed a committee to study the organization and administration of the exchange. That committee has now made its report. It contains many constructive recommendations relative to improving and simplifying exchange management. But heading the list of problems which the exchange is currently facing is that of public information.

A large part of the public has very little understanding of what the New York Stock Exchange really is. Many persons believe that the exchange buys and sells securities that the activities of the exchange management cause fluctuations in the stock market. Nothing could be farther from the truth. The stock exchange is simply a market place where buyer and seller meet on an equal footing, a place where the law of supply and demand is supreme arbiter of prices. As a matter of fact, the New York Stock Exchange pioneered the whole problem of standardization of accounting, of fair disclosure, and other early steps toward maintenance of quality of listed securities.

Nearly 40 per cent of the national wealth is represented by so-called "liquid" assets—that is, assets which may be turned immedi-

ately into cash. About \$82,000,000,000 of these liquid assets are in the form of listed stocks and bonds. The mechanical efficiency of the stock exchange must be geared to a maximum security markets for this vast sum. Modern life compels people to have at least a portion of their assets liquid. Individuals must have cash to pay doctor bills, educate children or to meet periods of unemployment. Business enterprises must have cash available to pay taxes or to meet unforeseen contingencies of operation.

It is essential for the public to understand these far-reaching economic aspects of the organized security exchanges, and to realize that anything that artificially restricts free buying and selling of securities, hits every pocket in America.

The Modern Juggernaut

Suppose that, on a given day, we rounded up nearly forty thousand American men, women and children, herded them into a field, and proceeded to slaughter them. Suppose that at the same time we wounded, blinded, crippled and otherwise harmed several hundred thousand more.

Horrible! Impossible? More barbaric than the barbarians? Of course it is—but, in effect, that

is what happens on American highways every year. The slaughter doesn't occur on a single day, but over 365 days. And instead of killing the victims with shell and rifle fire, and gas and grenades, we use that well known servant of mankind which can also be a monster of destruction—the automobile.

If an airplane falls and kills ten people the fact is headlined throughout the country and millions feel a sense of horror. If a ship sinks and 50 men die, the entire world knows it in a few minutes, and world-wide sympathy is extended to the victims and their survivors. But when automobiles crash and people die horribly as a result, we note the fact absently, and turn the page to the comic strips.

Our people are criminally negligent in driving automobiles. And America is criminally complacent in its attitude of more or less indifference toward the accident toll.

Juggernaut is no more—but the automobile more than fulfills its gory role.

Let's drive more carefully, and respect the other fellows right on the highway and streets. More moderate speed will reduce this accident problem.

Don't Listen to "Twisters"

When you "switch" a life insurance policy—that is, drop one, you have been carrying for a length of time in order to purchase a new one—you will lose ninety-nine times out of a hundred.

"That is a fact," the blandishments of unscrupulous agents to the contrary. The older you are, the more a given amount of life coverage costs. Cash and loan values are lost when a policy is discarded. A very large percentage of your past premium payments is utterly wasted.

No reputable life insurance company keeps "twisters" in its employ. Its discharges, therefore, are discovered. But the only sure way to get rid of the "twister" and his menace to the savings of thousands of citizens is to inform the public so that it will turn a deaf ear to his fallacious arguments.

Tomorrow's Farmer

Present-day farm youth has opportunities that were unknown to its forefathers.

The remarkable development of the 4-H clubs has made it possible for tens of thousands of young men and women to learn scientific agriculture, and to earn generous rewards for work well done.

In addition, the leading cooperative marketing groups take an unremitting interest in the affairs of tomorrow's farmers. From these groups, farm youth learns not only the great advantages of loyal co-operation between producers, but is instructed in a wide range of topics that are of direct and indirect importance to successful farming.

The full "crop" sown by this fine work will be harvested in the years to come.

Sleepy Reverie

There comes the time when one must leave his home.

He goes to the grove on the hill and sits in the quiet shadows of the trees. His home is before him, his life, the creeping eloquence of his thought. He has spent his boyhood here. He knows that he ever dreamed, and each of them is a monument leading to his heart.

Before him is the mosaic of earth and sky, the burgundy hills, the sunset on the horizon, the shadows of floating clouds—all the things he has loved, so well! He thinks sadly that things have changed so quickly. Only yesterday he romped in the fields and the grass-meadows, and the hillside was his playground.

Now he has shouldered responsibility, has shouldered the challenge of the future. The wind is whispering as it moves through the branches of the trees, the elegy of all the half-forgotten impulses which flood upon his consciousness now that he must leave them all. The little things are the ones that loom largest—the falling of a leaf against a brown wall, the pauses while driving the cows home from the pasture to watch the sun set across a sudden dim tearfulness in his soul—the odor of wheat, and fallow ground, and rain in the air. He thinks how he used to sit and watch the swallows flitting under the warm shadows of the eaves. Every year they come again, back to their old familiar haunts, immutable to perpetuate themselves, like the flowers and mountain streams.

Then she came and entered into his heart and became a part of his life, and for her he must conquer. Love is what makes one weak or strong, lowly or heroic.

Youth in the shady woods, boy and girl on the sunny, windy slopes, sweethearts with bursting hearts on the avenue. Just now he is strong, he is a lion, he is heroic. Her inspiration is a flame in his blood. Of nights he sees her face in the shadows of his room. The hours he has spent with her are the sweetest memories of his life. The long strolls with her in spring, the gay wild moments of perfect contentment in gray autumn fields, the flash of her lips, the lure of her smile—ah life, life, life!

He gets up from his seat under the trees and goes on up the ridge. From here he gets a view of miles of barren earth and fallow ground and waving wheat and yellow corn, and amber hills lifting to a rain-gray sky. Often from this very point he has watched the storm clouds trail across the valley floor, creating white and blue, shading down to the far separated homes of the heroic few who have conquered over wilderness and sand. He descends into the valley, and follows with his eyes the meandering course of the creek until it is lost. A trail leads white over the top of a hill before him. How often have his tired feet moved that way, his bare toes reveling in the soft plush of the dust, his steps lingering with his thoughts! All this is over. Someday he will come back and

be a part of it once more, but just now he must surrender himself to complete relaxation of thought and idea and simply feel. He comes to the hay-mow and climbs upon it. It is fresh hay, and the odor is pleasant. He arrives at a definite sense of loss, and he cannot understand himself. Every man must make his start in life, make himself worthy of a woman's trust.

He is not the first man who has faced this crisis and met it boldly. Then why do the tears well into his eyes and roll down his hot cheeks? He goes to the sage field and lies in the rustling sky. Around him all is rustling and whispering and essentially sweet. Clouds are floating above—slowly, quietly, vanishing like dreams. They will be here this year and the next, and a hundred and a thousand years from now. And the wind will rustle the wheat and whisper in the sage and it will be only he who will not be here.

It is a day in autumn with windy circles of smoke eddying away to blue clouds, and with the clangor in the air of geese piloting southward, and it is spring with the whisper of new life on the wind, and bursting brooks, and sweet flowers, and gray storm clouds with fleecy streaks of downward streaming rain, and summer with its bare slopes and brown fields and laboring harvesters; and winter with its white carpet, and biting winds, and swirling flurries of snow, and clear amethyst nights with gray twilight around the horizon line. Whatever the season, it comes, and he must answer. It is the old story of Jacob and Rebekah, of Joseph and Asenath, of Ruth and Moab. He faces the future with a smile and faith unquenchable. His reward will be in her dusky eyes and the touch of her hand. He whispers her name.

Then the spirit of his conquest. He is a Virgin facing the west: "Primum ego in Patriam meum . . . deducam Musas." Spring passes into summer, summer into winter, and spring again. The grass grows, and the harvest is come again and continues its cycle. Sunlight is fresh and pale at intervals on the slopes.

As he pines toward home from his day's work, he thinks sadly that it is only man who will not always return to the haunts which he loves.

"Optima dies . . . prima fugit"—Virgil.

Around Paschall News

We are hoping this week will be more settled than the past. Old Maid of South Lynn Grove is all smiles over thinking she will have a little humming bird flitting about at this time of her spring house and yard cleaning.

Lock would like an offer like that, but I'm at a loss to know just why the report Old Maid made in her letter of last week, it happened to get on the toes of Humming Bird.

Sunday being a bad, gloomy day, not very much visiting weather.

Mr. and Mrs. Hallin Jones and children attended church at North Fork Sunday.

Mr. and Mrs. Hollon Byars visited Mrs. Byars' parents of near Lynn Grove Sunday.

Mr. Byars spent the day with

her aunt, Mrs. D. J. Wilson, Sunday.

Hue Walton Foster and his mother were in Murray Saturday.

Miss Lillie Mae Lamb remains about the same, not yet able to be up. Here's hoping when the weather settles and the warm days of spring are here she feels much better.

Mrs. Ben Byars suffered much pain with an infected thumb a few days last week. She found relief after Doctor Butterworth lanced and dressed it.

Mrs. T. T. Paschall went to Paducah Sunday where she will have an operation for a goitre. Truly hope it's a success for her.

Mrs. Dick Jones has returned home after undergoing an eye operation at the Fuller and Gilliam Hospital, Mayfield. She is doing nicely.

Sorry to learn of Mrs. Jeff Orr being ill of pneumonia. She is with her daughter, Mrs. Novie Wade.

Mr. and Mrs. Adolphus Lassiter and daughter, Bettie Ann, spent Sunday with Mr. Lassiter's parents, Mr. and Mrs. Arthur Lassiter, of near Harris Grove.

Mr. and Mrs. Collins Key and daughter spent Sunday with Mr. and Mrs. Norton Foster.

Mr. and Mrs. Orie Key attended church service at North Fork Sunday and enjoyed a nice dinner with Mrs. Key's sister, Mrs. Elmer Paschall and Mr. Paschall. Mr. and Mrs. Key returned home Sunday night bringing Mr. and Mrs. Paschall with them to spend the night and to make a pleasant trip with them to Mayfield Monday.

Indeed we are sorry to hear of Mrs. Joe Wilson falling and breaking a lower limb. I want to say to Mrs. Donnie Moore you have my sympathy on account of your dear mother being crippled. Hope she improves rapidly. I shall never forget when my mother was crippled how grieved I was over her altho she did not have a broken limb, she could not walk, not even take a step. I am very thankful that she can walk and go where she pleases again. It seemed then

life would be very lonely for me not having mother walk in the yard, garden and other places with me and I hope you may see your mother walk again.

Otto Chester is suffering much pain with an injured hand from being in a car wreck. The car was driven by Stanley Rogers. Otto is a brother of Mrs. Hollon Byars.

Mr. and Mrs. Curlye Holly spent Sunday with Dick Jones and family of Hazel Route 1.

Hope the small son of Mr. and Mrs. Tom Wilkerson who has double pneumonia improves rapidly.

Mrs. Lucie Orr of near Crossland is reported better after recent illness.

Hope next week everybody will feel better and the sun will be shining and we all can be happy, merry and gay—Golden Lock.

AHEAD OF THE PARADE

East Pine Bluff

After a few weeks' absence I will again appear on the scene with my bit of news.

There was an error in my last letter by the editor, unintentionally I know. It stated that I lived in Calloway county. I live in Stewart county near Pine Bluff. While it made no difference to me, it did make my letter sound odd to those knowing from whence the news came.

Health is very good at present. A number of persons have had measles, but they have gotten along fine and no new cases to report.

We are having some cool weather but spring is in the air.

Several of the ladies have hens setting and some even have baby chicks.

Guess we will soon be hearing the morning yodeling on the Old Tennessee as the muskrat diggers are getting ready for their spring work in a big way, making banks, tying hooks and all the fixtures that go with it.

Not much preparation has yet been made for the farmer to start his crop as it has been so cold and rainy. But all indications are good for a large crop of candidates this year.

L. A. McKel of Penny, Ky., installed a modern DeLoe light plant for J. D. Dill's store and residence last week.

The auction sale of Mrs. Ida Cable and Mrs. Ida Barbee's farm implements at Dill's store was largely attended Saturday afternoon. Mance King was the auctioneer.

We miss our produce man, L. A. Bland, from Murray, but another man has taken his place. That is the way of business and life. One goes and another comes.

H. F. Russell has moved to Byrd's Creek.

Miss Dixie Hicks spent the weekend with her sister, Mrs. Lurline Vinson.

Mr. and Mrs. Paul Dill and children of Paducah, Ky., spent Saturday night with Mr. and Mrs. W. F. Vinson and Sunday with Mr. and Mrs. Linnis Dill.

Mr. and Mrs. Lloyd Vinson visited Mr. and Mrs. Arthur Vinson Sunday.

A large crowd attended the funeral services for J. S. Futrell of Louisville, Ky., at the Hendon cemetery Saturday, February 26. The family accompanied the body by train to Murray. He was an aged man and had been in failing health for several years. He leaves eight children and three grand-children of Louisville to mourn his passing. He is also survived by a host of relatives and friends from Paducah, Murray, and this community. We extend our deepest sympathy to the family.

Warren county homemakers took in \$277 on their curb market during the past two months.

It Is Dangerous

It is dangerous to sell a SUBSTITUTE for 99¢ just to make three or four cents more. Customers are your best assets; lose them and you lose your business. It is worth three or four times as much as a SUBSTITUTE.

Stella Gossip

Carlson, son of Mr. and Mrs. George Cathey, is being treated by "osteopath doctor" for appendicitis.

Mrs. Ida Cochran is getting more strength day-by-day. Brother Jim thinks that he is no better, but I think the exhilarating winds of March will completely cure him. The past cloudy, dismal winter transformed "Ole Eagle" into a bad case of the "all-overs".

The mockingbird becomes a prophet. The 25th of July until March, then regains his musical voice and then pulls off big stunts.

Ernest Rosch will preach at Goshen Methodist Church Sunday at 10:45 a. m. and T. B. Thompson will preach at Denver Heights Church of Christ, 401 Porter Street, San Antonio, Tex., Sunday at 10:45, so says San Antonio Express which my daughter Hattie sent me. It will be remembered that T. B. Thompson was pastor of Murray and Union Grove churches for four years about 20 years ago.

We were agreeably surprised last week when Arthur Butterworth and his sister, Mattie, and Mr. and Mrs. Elmore Fain of Houston, Tex., paid us a social call. Mrs. Fain (Hattie) is my niece, age 59, but still retains her youth and beauty. She and Elmore are the very picture of health. Elmore has been a "widowed man" for the past several years. Wall-walla Duchess of Windsor in glittering jewels.

Judges of Supreme Court of the U. S. are appointed for life which is a bad blunder. Alben Barkley wants to be re-elected U. S. Senator; been in office ever since you can recollect, which is the only rock I have to whiz at his head. Albert Benjamin Chandler suits "Ole Eagle" all over.

A goodly number heard Bro. Pogue preach at Coldwater last Sunday. A car full of folks from Friendship attended, but I didn't get their names.

Mr. and Mrs. Tom Thurmon, Mr. and Mrs. Lurline Thurmon of Murray called on us Sunday afternoon.

B. Cochran and Johnnie Walker went to Hopkinsville, a distance of 144 miles. The asylum officials did not know exactly what to do about it!!!

I wish that John L. Lewis and Mr. Green would quit calling "strikes". Boss Dictators like "Mussolene" and Hitler—Der muders' get it done.

Faxon "Alf", correspondent, fixed ole Eagle's clock last week in the Ledger & Times—about me carrying a decomposed, rotten, dead mouse in my inside vest pocket for 2 weeks. She told the world every thing and more—she was rich. "Ole Miss Blue Buzz" met "Eagle".

CALLOWAY FARMERS RAISE QUAILS ON GULLED LANDS

Put those gullies to work, and they will produce wildlife in return, according to Wallace G. Smith, superintendent of CCC Camp SCS-14-Ky., who explained that the same plants which control soil erosion frequently will provide food and nesting sites for desirable species of wildlife, especially quail.

Gullies on the farm are usually considered as waste land, he said, but if properly handled may be stabilized and furnish food and cover for such birds and animals as quail and rabbits.

Of course, it is better to protect the land so that gullies won't form. But there's no use worrying over spilled milk and when the gullies are already there, the best thing to do is to find a job for them.

The first step is to prevent the gullies from getting any larger. In the CCC camp area, seeding and mulching have proved to be a practical and economical method of controlling gullied areas. Farmers are obtaining best results by seeding the gullies to sudan grass and lespedeza sericea, and mulching with wheat straw and stable manure. A mixture of orchard grass and lespedeza sericea also works out well. They apply the mulch rather heavily, so that it almost completely covers the ground.

There is a wide variety of plants that may be used for this dual purpose, the superintendent said. Farmers interested in putting waste areas on the farm to work.

Knight News

Hello to all the writers of the Ledger & Times. I have not been with you in some time, but I will now try to write a few items.

We are having some more winter and today the snow is falling and the wind is sure blowing a gale.

Popeye went over to see his sister today and oh boy! he brought back a big mess of turnip greens.

The small child of Mr. and Mrs. Ray Harrington was badly burned recently when the infant fell over a kettle of hot water which had been placed on the floor. The little fellow is pitiful. Popeye wishes for the baby a rapid recovery.

We were indeed sorry to learn of Mrs. Maud Champion's home being destroyed by fire this week. Ivan Calhoun, Johnson Hale and his sisters, Misses Lorene and Virginia Hale, were Sunday guests of Mr. and Mrs. John Thompson.

Turner McCage, who has been ill for the past several months, is in a critical condition at this time. Robert McCage and a daughter of F. Spiceland were united in marriage this week. Orvel Evans and a daughter of Wilson Garrison were married last week.

Galen Bray is on the sick list this week with tonsillitis, however, he is somewhat improved at this writing.

Kentucky Belle, I am back again. I have been moving, and it takes up a good bit of time to get the house arranged again.

I have just been reading the good news in the paper. I enjoy hearing from all my friends.

Mr. and Mrs. Clyde Steele have purchased new furniture after losing practically all their household goods by fire. They have moved to the Van Elkins place. I am truly sympathetic with persons who lose their house and its contents by fire because I was burned out once and lost nearly everything I had.

W. T. Steele recently had his store painted and now he is walking high with a pencil behind each ear.

Will see you again next week. —Popeye

Men Improve Road Leading to Church

Twenty-five men with eight wagons spent an entire day this week pitching and hauling gravel and reported the completion of the road leading to Cole's Camp Ground Church.

Before the graveling and grading, the road was impassable. Relatives and friends of those buried in the churchyard and one member of the church worked the road.

Third Anniversary

Sunday, March 6, marks the beginning of the third anniversary of the present pastor. The day will be fittingly observed in all the services, Sunday School, Training Union and the preaching services. A cordial invitation is extended to all to attend all these services.

CHURCH WEEK FOR EVERYBODY

This very helpful meeting will be observed during the week beginning March 6, with preaching by the pastor. The following men

who have been and are denominational men of unquestioned ability and leadership will speak as follows. There will be just one speaker each day, the hours will be 2 p. m. and 7:30 p. m. Each speaker will be free to choose the subject to discuss as he is led by the Spirit of God.

Good soulful gospel singing will feature each meeting. These services are intended to bring a real blessing to every person within reach of the church whether they be Christians or not, and regardless of what church or denomination they have connection with.

Key, R. R. Winchester, pastor of First Missionary Baptist Church of Benton will speak Monday, March 7; Brother Joe T. Odle of Paducah, will preach Tuesday; Missionary O. P. Maddox, for thirty-two years in Brazil, will speak Wednesday; Brother Woodrow Fuller of Fulton, will speak Thursday; Brother L. R. Ruley of

Former Countian Dies in Paducah

News was received here this week of the death of R. Y. (Bob) Byrd, Dawson Springs, in a Paducah hospital last week. Byrd was born and reared in Stewart county, Tennessee, where he was married to Miss Uldie Wilkinson, and afterward moved to Calloway county, locating on the Elisha Steward farm southwest of Penny. A part of that pioneer farm is retained by Harvey L. Parker.

During Mr. Byrd's residence in this locality, he became widely known and many residents will recall him. After the death of his wife's father in about 1907, the family re-moved to Stewart county, Tennessee, and later to Dawson Springs, where he was connected with various enterprises until his death.

NEW HOUSING ACT FAVORS SMALL MEN

Little Business Man's Problem Is Met by Amendment Act of 1938

WASHINGTON, D. C., Feb. 26.—The "little business man's" problem of procuring funds for alterations and repairs of his establishment is met by the new regulations of the National Housing Act Amendments of 1938, according to Stewart McDonald, Federal Housing Administration.

In fact, the problem of procuring funds for the repair, alteration or improvement of existing commercial and industrial establishments, as well as securing the financing from private institutions for the construction of certain new structures is given specific treatment in the new Modernization Credit Plan, Mr. McDonald said.

While the Federal Housing Administration does not lend any money for these or any other purposes, its insurance under the Property Improvement Credit Plan up to 10 per cent of the aggregate amounts loaned by private institutions for such purposes provides sufficient security and incentive for such institutions to make such credit available, Mr. McDonald explained.

Under the new regulations, ample provision is made to cover the financing needs of the smaller business

nesses of the country for repair, alteration and improvement. No limit is placed on the amount of funds which may be borrowed from private lending institutions for such purposes, Mr. McDonald explained, although the maximum insurance amount of a loan on any single piece of property is \$10,000.

The proceeds of such improvement, repair, or alteration loans from private lending institutions which hold a contract of insurance with FHA may be used on any existing structure such as garages, service buildings, office or commercial buildings, manufacturing or industrial buildings, hospitals, hotels, clubs and other similar structures.

Under another provision of the new Modernization Credit Plan, loans not in excess of \$2,500 for any single piece of property for the erection of entirely new structures are insurable. Such structures as garages, wayside stands, gas stations and similar buildings are included in this category.

Machinery and equipment which, under the regulations, are not considered a permanent part of the structure, are not eligible for loan insurance under these Title I provisions of the National Housing Act, although building improvements planned to take care of such installations will be eligible. Heating systems, including stoves, oil burners, coal, gas and electric furnaces, when made a permanent part of such structures are considered alterations or improvements to real property and are thus

eligible. Loans from private lending institutions for the purpose of alteration, repair or improvement as well as loans for the construction of new business structures have a period of repayment set under the regulations at 5 years and 32 days. The maximum permitted finance charge for loans of both classes is equivalent to a 5% discount per \$100 original face amount of a one year note to be paid in equal monthly installments.

Under the original Modernization Credit Plan provisions, more than \$500,000 in modernization notes were insured by FHA on commercial and business establishments for repairs, alterations and additions. Included in this amount, though, were loans for the addition of equipment and machinery.

IN MEMORY

In sad but loving memory of a dear companion, Clarence Wilkerson, who passed away March 2, 1938: God alone knows how we miss you in this sinful world below. But we know you're home in Heaven where we all long to go.

Peaceful be your silent slumber, peaceful in the grave so low. You no more will know our heart aches, no more our sorrow know.

"But we hope again to meet you when the days of life have fled. And in heaven with joy to greet you where no farwell tears are shed."—By wife and children.

New Crop Law

(Continued from Page 1, this Sec.)

ready has been planted while individual acreage allotments have not been determined, wheat growers who find themselves with acreage in excess of allotments may escape deductions by making a corresponding reduction in the acreage of other "soil-depleting" crops.

As an inducement for small growers to co-operate with acreage allotments, the program authorizes increases of from 8 to 10 per cent in payments under \$200. Officials said that a grower's deductions exceeded his benefits, he would not be asked to pay the Government the difference. They also explained the deduction rates were not to be confused with penalty taxes which may be imposed on farmers' sales in excess of marketing quotas. These penalties, which may be put into effect when approved in producers' referendum, are 2 cents a pound for cotton and 15 cents a bushel for corn and wheat.

\$1.25 An Acre
Outside the major cotton, corn, rice, tobacco, potato and peanut producing area, acreage will not be allotted for individual crops. Instead, farmers will be allotted acreage for "soil depleting" crops generally.

The Government will pay them a subsidy of \$1.25 for each acre of their allotments, and deduct \$1.50 for each excess acre planted to "soil-depleting" crops.

The A.A.A. also announced that it was aiming at holding plantings of all "soil-depleting" crops to between 275,000,000 and 290,000,000 acres. Approximately 307,000,000 acres were planted to such crops last year.

Goals Are Outlined
The goals for the major crops: Wheat, 62,500,000 acres; cotton, between 26,000,000 and 27,000,000; potatoes, 3,100,000 to 3,300,000; rice, 825,000 to 875,000; peanuts, 1,500,000 to 1,600,000; barley, tobacco, 450,000 to 475,000; fireweed and dark air-cured tobacco, 470,000 to 480,000; cigar filler and binder tobacco, 85,000 to 90,000; Georgia-Florida type 62 tobacco, 2,800 to 3,000, and the remainder to other crops.

The program calls for restoration of 6,000,000 acres of eroded land to grasses. Federal payments for planting such land to grass will be 50 cents an acre.

The subsidy and deduction rates, respectively, on the various types of tobacco are: Burley, 5 and 5 cents a pound; fire-cured, 1 and 10 cents a pound; fire-cured and dark air-cured, 15 and 15 cents a pound; cigar filler and binder, 1 and 10 cents a pound, and Georgia-Florida type 62, 15 and 15 cents a pound.

METHODIST CHURCH NOTES
Sunday, March 6, 1938

It is our custom to observe the first Sunday in March as young folks day and on this Sunday the pastor will preach a special sermon to the young people of the college and high school from the text: "I Write to You Young Men Because ye Are Strong." Following this short sermon these young people will be our honor guests at the Sacrament of the Lord's Supper, they being served at the first table. Youth is such an important time of life, and its strength is such an asset.

At the evening hour the subject of the sermon by the pastor will be: "God's Promises."

Again we would remind our people of the importance of arriving at the services at God's House "on time." We are not tardy at our other engagements and surely none of these are of more importance than to meet with God "on time."

The young people of the congregation who can play some sort of a musical instrument are requested to meet Mr. McGavern for a moment just before the classes gathering a Church-school orchestra.

We have so much talent in our church and some of it ought to be used to the glory of God.

Our children and young people

meet at 6:30 in their own services which are enriching to their lives. If you have come to Murray to make it your home, even for a short while you owe it to yourself and to your family to identify yourself with some one of our splendid churches. Some have been waiting ten years "to get established" in Murray. Come on and join in with God's people.

J. Mack Jenkins, Pastor.
